

A testimonial from a recent graduate

Aidan Boland is a Sava graduate and below he tells us about his experiences on the Diploma in Residential Surveying and Valuation.

“The whole experience from start to finish has been absolutely fantastic. From when I first went to a briefing event in Nottingham right through to the stage I am at now, the Sava team have been so helpful and made the whole process and learning journey a great experience. The tutors on my classroom days were very knowledgeable and delivered the learning content perfectly. I would recommend the course to anyone who is thinking of pursuing a career in Residential Surveying and Valuation.”

We asked Aidan how he felt about the support he received from the Sava team, he responded:

“Behind the scenes, the Sava team were always on hand to assist and help with any issues during the course, such as moving course locations when I could not attend in Milton Keynes. Now that I am at 100% portfolio completion and have one more exam to pass, the Sava team are still on hand to assist and support me.”
