

## Hear from a recent graduate

Nasir Iqbal is a 2020 Sava graduate and below he tells us about his experiences.

“I would recommend the Sava Diploma in Residential Surveying and Valuation as it gives you a chance to learn from the best in the industry. The knowledge you gain is very relevant/practical and when you are qualified you feel you are ready and confident to start working straight away, whether it is employment or starting your own firm.”

We asked Nasir what the highlight of the Sava course has been, Nasir replied:

“When I got to the assessment stage, I was very impressed by the professionalism of my assessor and in particular her questioning skills. It was never critical but was more thought provoking and made you go back and read back on the subject. It has been such a great experience and although I am ecstatic to have qualified in record time, but I will miss my tutors. I have very fond memories of my time studying with Sava.”

We asked Nasir what he is doing now that he has graduated from Sava, Nasir says:

“Sava graduates are very sought after and there is a high demand for Sava graduates in the current market. I have already started working with SDL Surveying and so far, it’s been great.”
