

Sava Technical Bulletin Edition 38 Released

We are pleased to announce the release of issue 38 of the Sava Technical Bulletin. This bulletin aims to bring you quality technical information that will help you in your day to day work.

Here's a full list of all the interesting and useful content you can read in this issue

- The valuation of leasehold properties and secured lending: introducing the latest RICS guidance note on valuing leasehold residential property
- Asbestos pipe insulation: the risks and requirements
- Heat loss in dwellings: what you should know
- Buildings science: how materials recover after a flood or other water damage

The bulletin can be [read here](#). You will need to sign in to Sava EDGE to read the bulletin. If you have not yet got an account, you can register for a free account, it only takes a minute.
