

Technical Bulletin Edition 29 Released

The latest edition of the Sava/Bluebox Technical Bulletin has been released. This is a great resource for anyone in the residential sector. This edition includes articles such as:

- Assessing the safety of high rise buildings
- Microbore heating systems
- The fitness for human habitation bill
- Rodent Infestations
- Japanese Knotweed
 - Understanding the Plant
 - Property Care Association commentary
 - A surveyor's perspective
 - Important Changes to the Pre-Action Protocol
 - Waistell and Williams -v- Network Rail

The bulletin is published quarterly and is available for all members of the Sava scheme and learners. If you would like to join the mailing list please [click here](#).

The bulletin can be [read here](#).
